

# PERSONAL PROTECTIVE EQUIPMENT (CLMI)

OSHA General

## Course Syllabus

### TMC4017 - Personal Protective Equipment (CLMI)

This PPE training course uses fast-paced, full-motion video to teach workers how and when to use many types of personal protective equipment. In PPE training, your workers will learn the different types of eye protection available and when to use it. They will also learn about head protection, hand protection, body protection and foot protection. Your workers will gain an appreciation for personal protective equipment by the time they complete this PPE training program.

## Course Learning Objectives

- Use proper eye protection.
- Protect your head from injury.
- Use proper hand and skin protection
- Use proper foot protection.

## Formatting and Pricing
