Clear Polycarbonate Battery Terminal Covers
 Battery terminal covers are required for battery systems over 50V to be in compliance with NFPA 70E and OSHA 29 CFR. Monitor ready covers are made with holes and notches for wire management.

Aptus VLA & Front Access Racks
 UBC, IBC-2012, NEBS certified VLA racks with patented FM & UL integrated (bolt-on) containment. Front access racks are rated to UBC Zone 4 standards and IBC-2012. Racks are plain or fully cabled with breakers per shelf. Floor loading plates are standard.

VRLA Passive Neutralization
 The EnviroGuard Mini-Hawk system is designed to meet current passive neutralization for VRLA batteries required by many Authorities Having Jurisdiction (AHJ). Systems are easily shipped and assembled.

2018 Events
 IEEE PES Energy Storage & Stationary Battery
 Jan 22-25 Jacksonville, FL
 DistribuTECH Conference
 Jan 23-25 San Antonio, TX
 Data Center World AFCON
 Mar 12-15 San Antonio, TX
 Battcon 2018
 Apr 22-25 Nashville, TN
 7x24 Exchange
 Jun 3-6 Orlando, FL • Oct 21-24 Phoenix, AZ
