

# OSHA 10 HOUR GENERAL INDUSTRY SAFETY

EnviroGuard Live On-Site Training

## Course Syllabus

### OSHA 10 hour General Industry Safety

This training program is intended to provide entry level general industry workers information about their rights, employer responsibilities, and how to file a complaint as well as how to identify, abate, avoid and prevent job related hazards on a job site. The training covers a variety of general industry safety and health hazards which a worker may encounter.

## Course Learning Objectives

At the end of the training, the student will be able to:

- State the purpose of the OSHA Act and list the functions of OSHA
- List the OSHA inspection priorities and describe the inspection process
- Describe the rights and responsibilities of employers and employees under the OSHA Act
- State the basic requirements for proper aisle and passageway maintenance
- Outline the guidelines for identification and protection of floor opening
- Understand the importance of effective egress fire protection program
